

Prince William County Virginia | Pi Lambda Lambda
 | Third District – On March 27, 2021, the Omega U
 Program was invited to a Stock Up Kids
 presentation. Stock Up Kids is a website platform
 that educates both young and old on key subjects
 of finance. They teach beginners information on
 trading stocks. The information they provide can
 help veteran stock traders as well.

Stock Up Kids teaches one of the most important
 things we all should learn, financial literacy.
 Unfortunately, it is not taught in schools. Without
 financial literacy, the financial decisions and the
 actions we take or fail to take can only lead us
 down a road of financial ruin and years of stress.
 Generationally, this is the norm.

Nearly half of Americans do not have enough
 money to retire and forty percent of Americans
 cannot afford a \$500 emergency expense
 It is no surprise that most Americans can't pass a
 basic test of financial literacy.

Kali and Spirit from the Stock Up Kids spoke to the Omega U students on the ZOOM meeting to educate them how the stock market works.

Omega U

“During good times, recession, depression, or even during a pandemic, Stock Up Kids is the answer to navigating a course to financial freedom!”

~Stock Up Kids~

Stock Up Kids, because of their age, have amazed both young and old with their sound understanding of finance, and you will be impressed with the way they teach complex things like trading fundamentals, techniques, and charting just like top seasoned professionals. Their presentation gave us the knowledge to manage our money correctly.

Omega U will continue to provide mentorship to the students in Prince William County, teaching them to strive for more than the boundaries that are set around them.

Bro. Terry Collins, Omega U Co-Chairman

Emily White, 5th grader at Manassas Christian Academy School

Jayden Works, 6th grader at Haymarket Middle School

Bro. Jeffrey Allen, Basileus of Pi Lambda Lambda
