

Prince William County Virginia | Pi Lambda Lambda | Third District – On March 22nd, 2022, the Omega U Program had a Financial Literacy presentation hosted by Apple Federal Credit Union. Topic for the evening was Budgeting.

Financial literacy is the ability to understand and effectively use various financial skills, including personal financial management, budgeting, and investing. Financial literacy is the foundation of your relationship with money, and it is a lifelong journey of learning.

To be financially literate is to know how to manage your money. This means learning how to pay your bills, how to borrow and save money responsibly, and how and why to invest and plan for retirement.

Guest speakers Amanda Trotter and Crystal Brown from Apple Federal Credit Union presented to the students on how to budget and save money

Omega U

“Financial Literacy is an issue that should command our attention because many Americans are not adequately organizing finances for their education, healthcare and retirement”

~Ron Lewis~

Budgeting is the fundamental step in achieving financial literacy, and by extension, reaching financial security and freedom. Budgeting is the process of creating a plan to spend and invest your hard earned money wisely to meet your personal and financial goals in life.

Often small expenses add up to a surprising figure. A budget allows you to form an accurate awareness of your expenses and create a plan for your month's expenses.

Omega U will continue to provide mentorship to the students in Prince William County, teaching them to strive for more than the boundaries that are set around them.

Gabriel Salomao 7th grader asked questions about financial literacy

Bro. Jeffrey Allen, Basileus providing input to the students

Nate Myers 6th grader asked questions about financial literacy
